One of the Times's most important narrative works and part of its permanent record. The burning pages of this classic autobiography, originally published in 1965, Malcolm X, is the leading voice of the new generation, and a timelessly important work. The prose of this new generation is the definitive voice of Malcolm X. It is a powerful and moving account of the life and times of the man who defined the Black Power movement. The portrait of a man that has been missing since the very beginning of this generation's struggle is now brought to life in this new edition. It is an essential reading for anyone who wants to understand the history of America. The autobiography of Malcolm X is a historiography of the African American experience. It is a book that will be read for generations to come.
